Our Mission:
*Employing
Revolutionary
Methods, Getting
Revolutionary Results*

HELP.org, Inc. (Help Elevate & Liberate People, Nonprofit Organization

Incorporated), is an inter-faith, multicultural organization born out of a sincere concern for our local and global community. We are employing a proactive-holistic approach to community development. Understanding the immense impact that poverty, drugs, racism, and sexism have had on our community, we are promoting a system of intense rehabilitation, catering to the social, physical, and spiritual needs of the community. Through a collaboration of diverse, but like-minded organizations—under an umbrella called The S.O.S. (Save our Streets) Coalition—we hope to implement several innovative programs that will inspire our community to empower itself. As scholar-activist Toni Cade Bambara once stated, "Revolution begins with the self, in the self."

**Get with the Program:
Reconciling Practice and
Theory**

**Breaking the Chins of Mental Slavery:
Operation S.O.S. Community
Development Division**

Emancipate yourselves from mental slavery, None but ourselves can free our minds.- Bob Marley

HELP.org, Inc. has formulated a curriculum for equipping community residents with the necessary tools to advance and enhance their economical and social futures.

Operation S.O.S. Community Development Division utilizes resources available to communities to assure full benefit to all community residents. In addition to providing job training, we sponsor several workshops and events geared toward promoting individual and community empowerment, as we believe knowledge = power. Topics include, but are not limited to home ownership, money management, starting a business, credit repair, holistic health, self-help, social sciences, world history, diversity, and culture.

Youth Uprising: Operation S.O.S. Youth Division

The criminalization of youth, is a serious problem in communities all over the country. In regards to "saving our youth," intervention, prevention, and guidance are essential. We want to address the issue of lack of activities and support for youth through our Youth Division. Operation S.O.S. Youth Division uses educational classes covering a wide range of topics to enlighten and inspire the youth of

community. We also hold forums and support groups to provide a safe space for voicing youth concerns.

**Operation S.O.S. Athletics
Department: Soccer Program**

In addition to promoting fun physical activity, our soccer program teaches life skills to children and youth. Through this program we hope to promote education in a more unconventional and unique way.

**Operation S.O.S. Senior
Citizens Division**

In the spirit of honoring our elders, Operation S.O.S. seeks to provide support and assistance on multiple levels, for some of our community's most neglected members. We want to ensure that our elderly community receives the resources they need as well as pay tribute to their voices and stories.

**Operation S.O.S. Neighborhood
Revitalization Division**

**Turning Nuisance Property into
Nurturing Spaces**

This program is aimed at converting vacant space and dilapidated structures into spaces that will benefit the community. It also includes regular community wide cleanups and grass-roots activism in support of neighborhood beautification.

**The future belongs to those who
prepare for it today.-Malcolm X**
